

PRE-ENROLLMENT INFORMATION

We're excited that you're interested in flight training with Jefferson City Flying Service and look forward to helping you get started. Before onboarding, please obtain an FAA Medical Certificate if you do not already have a current one. A 3rd Class Medical is required for Private Pilot training; however, if you plan to pursue an airline career, we recommend a 1st Class Medical. Before your appointment with an FAA Aviation Medical Examiner (AME), please complete the required information in the FAA Medical portal (MedXPress). Be sure to enter your name exactly as it appears on your driver's license or state-issued photo ID, including your middle name if listed. This information will be used during your medical appointment. For more information, please visit the FAA website below:

https://www.faa.gov/pilots/medical_certification/get

For your convenience, the local AME in the Jefferson City area is Dr. Gregory Kuhlmann at 573-896-1197.

Once you receive your FAA Medical, please email smessenger@jcfs.net or rob@jcfs.net to schedule your onboarding appointment. During onboarding, we'll help you complete a New Customer Account form, receive your TSA endorsement, and apply for your FAA Student Certificate, if required. Your enrollment email will also explain what to bring, the approximate cost of the Gleim course used for your training (Private, Instrument, or Commercial), and the JCFS Flight School forms you may review and sign at home before your onboarding date.

If you have any questions along the way, we're happy to help. Please call JCFS at 573-636-5118 or email smessenger@jcfs.net or rob@jcfs.net.

If you completed a Discovery Flight or already have a preferred instructor, please include the instructor's name so we can do our best to schedule that instructor for your training.

Flight Instructor Name: _____
